1/ Information supplied by a universe of 167 cooperators who normally have stocks on hand each Monday A.M. and is on the basis of matched plants reporting in both the current and previous weeks.

This is a representative sample of the U.S. inventory and includes eggs packed for export when in cooperator's coolers. No valid comparison can be made with year ago or previous months' figures due to changes in number of plants surveyed, holidays falling in different weeks or changes in size of plant operations.
